OrchestralSound Royalty-free Synchronization License

- All audio tracks are available as mp3 files (256 kbs encoded) downloadable after payments by Paypal or Credit Cards.
- You can use the licensed music only in synchronization within your projects such as film/video/DVD, multimedia CD/DVD-ROM, web- and Flash sites, animations, instructional materials, audio-books, games, local and national tv and radio broadcasting, and all audio-visual commercial productions, downloadable files or web users.
- The granted license is perpetual, non-exclusive and the territory is world wide.
- The not included Theatrical movie use can be negotiated.
- You may edit the music tracks (cut, stretch, loop) to fit your required cue lengths.
- You are not allowed to release licensed music as your own, not even if you add vocals or instruments.
- You can't use or sell the music separate by your production or website. Anyway, by purchasing and downloading the licensed music, you agree that the composer, *Antonio Genovino* owns the full copyright and publishing rights.
- You may not sell, rent, share or transfer the licensed music to any other person or company. Unauthorized use or duplication is a violation of this agreement and of applicable international laws
- You are not required to credit the composer for the music.
- License options.
- **License A** allows unlimited use of licensed tracks for sales of multimedia and audiovisual products up to **2000 copies** or downloads and web users.
- **License B** allows unlimited use of licensed tracks for sales of multimedia and audiovisual products up to **20000 copies** or downloads and web users.
- **License C** allows unlimited use of licensed tracks for sales of multimedia and audiovisual products up to **500.000 copies** or downloads and web users and all tv and radio broadcasting use
- The commercial use options include authorization for personal and commercial website, video and shortfilms for festival, film competitions and non-commercial distribution.
